Legal Remembrancer & Secretary to the
Government of His Highness the Maharaja
of Mysore, Law Department, Bangalore

Sir,

I have the honour to forward herewith an advance copy of the Administration Report of the Mysore City Improvement Trust Board for the year 1943-44 for favour of information Two more copies of the report together with the appendices will be forwarded after the report is placed before the Board at its next Meeting

I have the honour to be,
Sir,
Your most obedient servant,

Chairman 3/11/44

HRS

MYSORE CITY IMPROVEMENT TRUST BOARD

REPORT OF THE ADMINISTRATION OF THE CITY IMPROVEMENT TRUST BOARD FOR THE YEAR 1943-1944

This Report is for the 41st year of the Operation of the Board The President of the City Municipal Council continued to be the Chairman of the City Improvement Trust Board as per Government Notification No 11265/M1 156-18-2 dated 4th March 1919

CHAPTER I - ADMINISTRATION

2 Chairmen of the Trust Board:

Mr B S Raghavendra Rao, B A ,(Hons), continued to be the Chairman of the Board till the afternoon of 1st November 1943, when he was relieved by Mr R Ramachandra Rao Bhombore and the latter Officer continued as Chairman till the end of the year

3 Members constituting the Board

The term of the City Municipal Council having expired it was reconstituted for a term of 3 years from 3rd January 1944 as per Government Notification No L 6025/M1 67-42-6 dated 13th December 1943 and the following two Members from out of the Municipal Councillors were elected to serve as Trustees of the Mysore City Improvement Trust Board and this was approved by Government in Notification No L 7496/M1 54-43-2 dated 21st January 1944:-

(1) Mr P Seetharamiah, B A , B L ,
(2) Mr E P Nanjappa

The Municipal Council having elected Mr B Narayanaswamy, B A , B L , as Vice-President he became Member of the Board by virtue of his Office

Since Siddique-ul-Mulk Mr Sadeq Ali Shah, Huzur Secretary to His Highness the Maharaja was granted combined leave preparatory to retirement, Government appointed Mr T Ramaiya, B A , (Hons), Huzur Secretary

as a Trustee, vide their Order No L 12581/M1 54-43 dated 20th June 1944

Appendix 'A' gives the names of Trustees on the Board at the close of the year

4 Board Meetings

Statement No 1 annexed shows the dates on which the Meetings/~~xxxxx~~ were held and the No of Trustees present at each of them ✓ It will be seen therefrom that 11 Ordinary Meetings, one Special Meeting and one Adjourned Meeting were held The average attendence at the Meeting -- was 6~~8~~ 2 as against 66 6 and 74 3 during the years 1942-43 and 1941-42 respectively

The total No of Meetings attended by each of the Members is noted in Appendix 'B'

CHAPTER - II

5 Schemes relating to the acquisition of properties:

The following/✓ 20 schemes relating to the acquisition of properties were sanctioned by the Board during the year as against 23 during 1942-43:-

(1) Acquisition of properties Nos 4047/2510, 4048/2511, 4049/2512, 4050/2513, 4051/2514 & 4052/2515, Hides Godowns, on Rampart Wall Road in Block 16, Lansdowne Mohalla, for improvement purposes

(2) Acquisition of vacant land measuring east to west 60' and north to south $\frac{68+64}{2}$ = 440 sq yds, in Paduvarahally Village, belonging to Mr Bettiah for formation of roads

(3) Acquisition of Soppinakola garden lands (40 A) 1480, (40/B) 1481-82 (40/D) 1385 to the west of Soppinakola Street in Block No 77, Krishnaraja Mohalla, Mysore

(4) Acquisition of all the S Nos in Paduvarahalli Village and S Nos 172,173,174,175,176,177,168,169,167,182,183, 184,185,165,181, belonging to Naragoo Nanhalli Village and a certain area (marked red) out of Vijaya Sripura Village for forming Paduvarahalli Extension and Yadavagiri Extension

(5) Acquisition of lands in Gowligara Street, Krishnaraj Mohalla, Mysore, on which a small temple dedicated to Sree Kasivisveswara is put up

(6) Acquisition of property Door No 1364 in Block No 48, Devaraja Mohalla, Mysore, for slum clearance

(7) Acquisition of an area of 1316 sq yds , of land from Government Lac Factory for completing the lay-out of the Industrial Suburbs

(8) Acquisition of S Nos 125/1, 125/2, 125/3, 125/4 of Kaduvarahally Village for opening Agrampa Road

(9) Acquisition of property Door No 2209 in Block No 18, Lashkar Mohalla, Mysore, ~~for construction of Public Bath and urinals~~

(10) Acquisition of Door Nos 826 & 828 in Kakargarl, Chamaraj Mohalla, Mysore, for construction of Public Bath and urinals

(11) Acquisition of properties bearing Door Nos 622, 623, 624 and 626 in front of Motilal Talkies in Block 85, Fort Mohalla, for forming a square

(12) Acquisition of portions bearing Nos 1129, 876, 452,& 451 in Chamaraj Mohalla, for improvement of the Circle in Vanivilasa Road, Mysore

(13) Acquisition of 13 properties in Block No 4, Nanjy Mohalla for the extension of Ayurvedic and Unani College building

(14) Acquisition of properties Nos 3849, 3850, 3852 & 3852/1, in Block Nos 29-30, Lashkar Mohalla, for improvement - purposes (in front of the New Mission High School under construction)

(15) Acquisition of a piece of land with well, latrine and trees in Door Nos 2718, 2719 (belonging to Mr B S Gulam Dastagir in Block No 17, Nanjy Mohalla, Mysore, to make the well available to the public and improve the locality

(16) Acquisition of certain properties in Block No 85,Krishnaraj Mohalla, Mysore, for formation of a Circle,in front of Motilal Talkies

(17) Acquisition of certain vacant lands belonging to Messrs B S Chandrasekhariah and others for forming a road to Industrial Suburbs, Nanjy Mohalla, Mysore

(18) Acquisition of properties bearing Door Nos 1786, 1787 & 1789 in Block No 7, Nanjy Mohalla, for improving Sree Yellamma Temple of Shiva Karnataka people

(19) Acquisition of vacant lands belonging to Mr M J Mohamed Yakoob and others in Nanjy Mohalla, Mysore, for forming roads in Industrial Suburbs

(20) Acquisition of certain properties in Block No 77,Krishnaraj Mohalla, Mysore, for completing M Madhava Rao's - Circle

6 Schemes relating to construction works:-

One hundred and forty-five Estimates as detailed in Statement No II were passed by the Board during the year and of these 136 were sanctioned by Government and the remaining were pending sanction at the end of the year

7 Productive Works

An estimate for 25,200/- for construction of 12 Model Houses with teraced roofing along Ramanuj Road was sanctioned by Government in their Order No L 731-4/Ml 48-42-59 dated 16th July 1943 The work was entrusted to three Contractors at the lowest tendered rates which are 25% more than the estimate rates For want of building materials the Contractors could not start the work immediately, After the work was actually started the Contractors began to complain that the market rates had gone up very high and that they were incurring heavy losses The question of paying them enhanced rates has been approved by the Board and the orders of Government are awaited in the matter Meanwhile the construction work has progressed rapidly and the buildings have come up to roofing level The cost of the buildings will be met out of Narasimharaja and Palace Building Funds

The construction of a set of 23 model houses for the use of the Sweepers of the Municipality to the North of Beef Market in Jalapuri Extension out of Narasimharaja and Palace Building Funds at a cost of . 16,500/- was approved by the Board in May 1943 When the estimate was submitted to Government for sanction they directed that the lay-out may be altered in accordance with the instructions of the Government Architect The lay-out was accordingly modified and a revised estimate for . 17,500/- for constructing 26 model houses have been submitted to Government for sanction The houses are of an improved design and provide for teraced roofing The lay-out provides for a Park, playing apparatus and a temple A total of 129 houses are proposed to be built in this area and sold to Sweepers on instalment basis This will be a real boon to the Sweepers who are hitherto accustomed to live in small, ugly and insanitary houses

CHAPTER - III

PART I - LAND ACQUISITION

8 Land Acquisition Officer:

The Chairman of the Trust Board continued to be the Land Acquisition Officer throughout the year and dealt with the entire acquisition work himself But owing to the heavy increase in the acquisition work and the Chairman who is also the Municipal President being appointed the Chief Rationing Authority for the City found it rather difficult to pay the necessary time and attention to this important work amidst his multifarious and exacting duties A recommendation was therefore made by the Board during the latter part of the year for the appointment of a Special Land Acquisition Officer to afford relief to the Chairman This was approved by Government in their Order No L 53-5/M1 12-43-24 dated 19th July 1944 and the Personal Assistant to the Deputy Commissioner, Mysore District was appointed Land Acquisition Officer for the Board temporarily till the end of 1944-45 on a monthly allowance of 50/- The acquisition of Revenue Survey Numbers required for the operation of the Board was continued to be dealt with by the Revenue Sub-Division Officer as usual Now that a separate Land Acquisition Officer has been sanctioned for the Board the question of entrusting the acquisition of survey lands also to the Board may be taken up A list of cases pending with the Revenue Sub Division Officer is detailed under Para 10

9 Properties declared by Government

Fifty-two properties as under were newly declared by Government for acquisition during the year 1943-44

	Total	32

10 Properties acquired under the Provisions of the Land Acquisition Act

The number of properties acquired during the year was 79 The figures for the last five years have been noted in the margin A number of awards passed could not be paid before the close of the year as the funds provided were almost completely worked out Some of the acquisition cases pending since 1934 were disposed off during the year nd the balance at the end of the year was 76 as against 99 in the previous year It can be seen from the statement that the amount awarded is the highest figure reached during the past 6 years

Year	No	Amount
1943-44	79	Rs. 1,80,478/-
1942-43	57	Rs. 1,03,165/-
1941-42	100	Rs. 23,647/-
1940-41	69	Rs. 79,774/-
1939-40	78	Rs. 85,997/-
1938-39	52	Rs. 59,030/-

Acquisition of agricultural lands done by the Revenue Department:- The number of schemes pending with the Sub Division Officer at the beginning of the year was 13 A sum of 370-8-0 towards the balance in one of the pending cases and a sum of Rs. 52,740-11-0 towards a fresh case was sent to him during the year Seven cases have been disposed off by the Sub Division Officer and the total number of cases pending with him at the end of the year is 7 as noted below -

1) Acquisition of Survey No 238 of Mysore Kasaba for forming sites in Block No 9 Chamundipuram

2) Acquisition of Survey Nos 133,121/1 & 122 of Maragondanahalli Village for forming a new loop road to Bannimantap

3) Acquisition of survey No 210 of Laragowdanahalli Village

4) Acquisition of survey Nos 55,56,57 etc , of Mysore Kasaba for improvement purposes

5) Acquisition of Survey Nos. 166,170,171 of Laragowdanahalli Village for forming sites to dishoused medars

6) Acquisition of survey Nos 7,9,10,11,& 12 & 13 of Paduvarahalli for extension of Kalidas Road and Gokulam Road

7) Acquisition of Survey Nos of Laragowdanahelli, Paduvarahalli and Vijayasripura Villages and Hinkal village for Paduvarahalli and Yadavagiri Extensions

11 Acquisition by mutual agreement:

There was no case of acquisition by mutual agreement during the year

12 Payment on account of properties acquired

The payment made by the Trust Board on account of properties acquired was Rs 1,24,644/- including a sum of Rs 53,111/- paid to the Revenue Sub Division Officer for acquisition of survey lands Besides that a sum of Rupees 55,834-8-1 was paid out of deposit contribution

13 Of the 78 properties acquired 2 were vacant lands and the rest were houses and other structures The important schemes of acquisitions which were attended to during the year were as noted below -

1) Acquisition of properties for the extension of Krishnarajendra Hospital compound and formation of road:-

The acquisition of properties required for the extension of the compound which was held up during the previous year for want of funds was briskly proceeded with during the year 1943-44 as the Government ordered that the sum of 75,000/- required for this purpose should be made available from the Public Works Department Budget Out of the 14 properties required for the extension of the compound, awards in respect of 13 properties costing Rs 5,708-12-0 was passed and the full amount was received from the Assistant Engineer, Head Quarter Range Only one property xxx , xxxxxx belonging to Mr Seshadri Iyer which was estimated

to cost about about ₹ 28,000/- required to be awarded at the end of the year This award also has since been passed but the amount has not yet been received from the Public Works Department

In respect of the properties required for the formation of the road awards were passed in all the cases pending at the end of last year as sufficient funds had been provided in the revised budget Most of the properties acquired have been taken possession of and are being dismantled A few of the properties acquired for the extension of the compound are proposed to be retained in tact as they would serve as residential quarters for Medical Officers of the Krishnarajendra Hospital

In respect of properties required for the formation of the road, awards were passed in respect of all the eleven properties pending at the end of the last year Possession has been taken in all most all cases and the work of forming the road is in progress This road when formed will link up the Sayaji Rao Road to the Viceroy Road and will be very useful for lorry and other vehicular traffic

(2) Acquisition of properties for formation of/Kotilas Talkies of a Circle in front of:- A provision of ₹ 10,000/- was made in the Budget for 1943-44 to make a beginning in the matter of acquisition of the properties required for the formation of this Circle Proceedings have been taken in respect of all the properties required for the purpose but awards could not be passed as the final stage was not reached in any case A provision of ₹ 25,000/- has been made in the Budget for 1944-45 for this acquisition and the proceedings are also expected to be completed during the current year The Circle when formed will considerably improve the congested surroundings of Vanivilas Market and Krishnaraja Police Station

(3) Acquisition of survey lands for the formation of Yadavagiri and Cuvarahalli Extensions:- The acquisition of

Survey Lands of Kaduvarahally, Laregowdarahalli and Vijayasri-pura to the extent of 197 acres, 9½ guntas was in correspondence with the Revenue Department since the beginning of the year 1943-44 but the Revenue Sub Division Officer required that the question of payment of conversion fine should first be settled before possession could be handed over A reference was also made to Government re the claim made by the Revenue Department for conversion fine but so far no orders have been received The Dewan in the course of his inspection had ordered that these lands should be taken possession of and that the lay-out of the area should be proceeded with expeditiously On repeated and urgent reminders made both to the Deputy Commissioner and the Revenue Sub Division Officer the lands were finally handed over to the Board on 18th March 1944 and a sum of ₹ 52,741/- was also paid to the Revenue Sub Division Officer as Advance payment A further sum of ₹ 65,438-3-0 has now been demanded by the Sub Division Officer towards full payment The formation of the Extensions has been taken up and is in progress as explained in Para 22

(4) Acquisition of properties in Kanteerava Kalakoppal:- The acquisition proceedings in respect of all the properties has been completed except in one case which is remaining to be awarded All the acquired properties have been taken possession of and demolished and the debris has been removed to clear up the area Formation of roads, culverts etc, which is also provided in the acquisition estimate is in progress This has considerably tidied up this important suburban village which was source of diseases and epidemics breaking out in the City The dishoused people have been provided in survey Nos 15 & 18 of the same village This has been found to be insufficient and the acquisition proceedings in respect of the adjacent survey numbers also for the purpose of laying out sites is in progress

Besides the above important acquisition, a sum of

47,407/- was spent for the purpose of acquisitions of a miscellaneous nature, such as for the improvement of M - Madhuvara Circle Slum clearance in several parts of the City, clearance of Hide-godowns in Ediga Extension etc - Further awards to the extent of about ₹ 23,000/- were also ready at the end of the year but they could not be paid for want of funds and also as the properties had not been taken possession of:

14 Reference to Court under Land Acquisition Act:

The following cases were referred to Court under Section 30 of the Land Acquisition Act:-

(1) Property No 2101 in Block No 85 of Krishnaraja Mohalla, Mysore, Vide Award No 7/43-44

(7) Property No 378, Block 2, Lashkar Mohalla, belonging to Khaihub Bi, vide award No 50/43-44

(8) Property No 1398, Block 6 Lashkar Mohalla, belonging to Jeevaratnamma Oliver, Award No 51/43-44

PART II - CONSTRUCTION WORKS

16 Executive Control:

Mr B R Manickam, B L , Assistant Engineer, continued to be in charge of the Construction Works of the Board throughout the year

17 Works attended to & expenditure incurred:-

One hundred and nine Works as detailed in statement No IV were in progress and the amount spent during the year was ₹ 1,29,745/-

18 Classification of Works:-

Of the 109 Works 28 were incomplete works of the previous year and the remaining were fresh works taken up during the year

	Particulars	Works New	Works & Old	Expenditure New	Expenditure & Old	Total
1	Sewage and Drainage works	20	10	₹ 22,285	3,426	₹ 25,711
2	Roads and Streets	18	4	15,596	4,561	20,157
3	Public Attractions	16	3	15,734	783	16,517
4	Special works	10	4	48,074	6,839	54,913
5	Miscellaneous Works	17	7	7,476	4,971	12,447
	Total	81	28	1,09,165	20,580	1,29,745

19 House Connections

The work of laying underground sewer lines and house connections to flush latrines was continued during the year as before Only 164 underground sewage house connections were given during this year as against 248 in 1942-43 and 565 in 1941-42 The reduction in the number of house connections was mainly due to the difficulty experienced in obtaining cement and stone-ware pipes As explained in the last year's report the Municipality had thought of passing a resolution suspending the policy of insisting on the construction of flush latrines owing to the difficulties and hardships to which the rate payers are put, on account of -

war conditions The Resolution was withdrawn after it was explained that the house connections are given free in Mysore and the laying of underground drainage would be a waste if house connections were not taken but the fact remains that the poorer classes of people are finding it difficult to - construct flush latrines owing to the cost and difficulties of obtaining materials Better progress in the matter of of connections could be expected as soon as the war closes and market conditions improve

As explained in the previous Administration Report the Municipality had promised to pay contribution in respect of several underground drainage works taken up by the Board This policy could not be continued during 1943-44 by the Municipality on account of their financial condition xx xxxxxxxxxxxxxxx and they have since then resolved that the contribution of Rs 15,250/- promised by them in respect of the underground drainage work of Dranagere/xxxxxx cannot be paid for want of funds

Satisfactory progress could not be secured on the underground drainage works during the year under report - since Messrs The Perfect Potteries Co , Jubbulpur, whose tender had been accepted by the Stores Purchase Committee for the supply of stone-ware materials/xxxxx did not supply the materials when required for lack of transport conveniences due to the difficulty of obtaining Priority Certificates Urgent requirements were however obtained from Messrs The Mysore Stone-ware pipes, Ltd , Bangalore, at higher prices Several underground drainage works for the areas which had not been hitherto xxxxx severed such as Block No IV/4 of Vanivilaspuram, Udiga Extension, Dranagere, 9th & 12th Blocks of Chamundipuram have been sanctioned and these works will be ~~pushed on to~~ completed during 1944-45

Under round Drains e Work for the entire City:-

Although the underground drainage work has been in progress since the commencement of the operation of the Board i e , for the last 40 years, about half the area of the City only has been sewered so far More than half of Pandi and - Lashkar Mohallas, and several of the New Extension remaing un-sewered As this is a very important work affecting the health of the City a rough scheme costing 6 lakhs has been prepared for providing under ground - drainage to all the unsewered parts of the City It is - proposed that the cost may be equally distributed between the Government, the Municipality and Trust Board and th t the Goverrment may in the first instance be requested to - give a loan of 2 lakhs each to the Municipality and the Trust Board to enable them to meet their portions of - contribution The scheme together with the details of - establishment required for the purpose has been submitted to Governnent and their orders are awaited

20 The Stock Registers have been posted up-to-date

CHAPTER IV

PART I - - - PROPERTY

21 The properties that were acquired during the year were noted in the Trust Board Property Register maintained for the purpose It is necessary that the properties are - inspected at least once a year to ensure that they are not continuing in the possession of the previous owners

22 Building Sites:

Statement No IV furnishes details of sites available for sale at the beginning of the year under report, sites - formed during the year, sites sold and those available for - sale at the end of the year

It will be seen therefrom that 854 sites were avail able at the beginning of the year and 140 sites were formed -

during the year thus making total of 994 No site was resumed during the year, and thus the total No of sites available for sale was 994 out of which 174 sites were sold leaving balance of 820 sites at the end of the year The areas in which these fresh sites are formed are noted below:-

1	Kanthraj Urs Park & Wellington Lodge	4
2	Edigs	11
3	Narasimharaja Layout	72
4	Jalapuri	17
5	Vontikoppal	11
6	Bamboo Bazaar	4
7	New Sunteget shop sites	20
8	Krishnaraja Layout	1
	Total	140

One hundred and seventyfour sites were sold during the year for a total sum of Rs 1,69,514/- including the instalments etc , due in the year in respect of sites sold during the previous years A sum of Rs 1,39,502/- was actually realised during the year

Inspite of a number of extensions having already been formed and fresh sites laid out in suitable areas, the number of good and cheap houses in healthy localities has been found to be quite insufficient and the people are overcrowding in Extensions In order to avoid this sort of congestion further lay-out of Extensions in healthy localities has been undertaken by the Board and the following two important Extension works were in progress during the year

(1) Peduvanhalli Extension - This Extension provides for the lay-out of about 450 sites It is laid out in the extensive area of the land lying vacant to the south of Vontikoppal Extension and the west of Peduvanhalli Village bounded by Yelwal Road on the South The

survey lands necessary were taken possession of from the Revenue Department in March 1944 and the work of demarcating sites, earth-work for forming roads and drains has been in progress The estimated cost of the lay-out of this extension is Rs 3,80,000/- and the estimate is awaiting sanction

(2) Yadavagiri Extension:- There is a flat hill to the right of the Princess Road where the water supply reservoir is situated About 60 sites had been laid-out in the year 1937-38 As all these sites were sold out - and the demand for sites in this locality was very keen, the hill was further surveyed and an estimate prepared - for the lay-out of 145 sites The cost of the lay-out - including underground drainage etc , amounts to Rs 3,00,000 and the estimate is awaiting sanction The work of laying out roads drains has been in progress Hundreds of applications have already been received for sites in this area

A New Industrial Suburb was proposed to be laid out in Vanivilas Mohalla but the idea was abandoned as the locality was considered unsuited on account of commercial and sanitary consideration and a place near the Mysore - South Railway Station was subsequently selected as ideally suited for the purpose Accordingly the area to the east of Mysore South Railway Station has been selected and surveys have to be completed and estimates prepared for this lay-out

New Bannimantap Extension:- There is a vast area to the west of Ediga between the newly laid-out Industrial Suburb, the New Bannimantap Road and it is proposed to - have a good extension laid-out in this area Mr G H Krumbiegal the Consulting Architect has given a new lay-out plan for this area and it has been approved by the - Board The lay-out provides for the formation of fine -

Bungalow Sites along the New Procession Route to the B nni ntap with three nice Circles in the area in front of the existing Slaughter House and a Band Stand in the centre of a Park over the small hillock by the side of the existing Cokad The estimated cost of this scheme including formation of roads and circles, laying underground dr inage etc is 1,92,000/- Estimate for the work has been ap roved by the Board and has/been submitted to Government for sanction

Resumption of Sites - There was no case of resumption of site during the ye r under Report It is no doubt necessary to enforce the rule re the resumption of sites in case of failure on the part of purchasers to put up -- buildings as per approved plans but owing to the difficult conditions created by war some relaxation is found necessary as the cost of building materials have become prohibitively high and the strict enforcement of the rule - would work as a great hardship on the poorer class of purchaser As soon as war condition ce se, the rule re the resumption of sites will be strictly enforced

23 Bits of land:-

Statement No VII furnishes details of bits of land available, formed and sold and the amount of revenue therefrom In addition to 167 bits of land available for sale at the beginning of the year 5 new bits were formed during the year and out of the total of 172 bits, 21 were sold -- for a total sum of Rs 6,927-8-8 A the end of the year - 151 bits were available for s l The amount outstanding in respect of bits of land sold at the end of the year was Rs 930-5-8 which is being recovered in instalments

24 The outst ndings in respect of model houses in the extensions are given below -

(a) Gokulam houses = 3,175 1 7

(b) Narasimharajapuram 109 12 10

The latter amount is due from one Lr Dunisamy in respect of House No 31 "L" Type in Military Block The person is said to have gone on active service and the amount is still outstanding

(c) Fort Mohalla 12,155 1 2

This is being recovered in instalments

25 By the sale of dismantled materials a sum of ₹ 1,652-8-0 was realised during the year A sum of ₹248-10-0 was also realised by the sale of rights of removing the usufruct of trees belonging to the Trust Board

26 The following free gifts of land were made during the year for the several institutions for the purposes noted - below -

in Saraswathipuram

(1) Bit of land measuring 4822 sq yds / was granted to the Upper Hostel as per board's Resolution No 83 dated 28-9-43 ~~xxxxxxxxxxxxxxxxx~~

(2) Land measuring 135' x 155' was granted to the Adikarnataka Nursery School near Sharada Vilas High School as per Trust Board Resolution No 124 dated 2-11-43

(3) Site measuring 418 sq yds , in Block IV/A, was - granted to Bclur Reservedas in Vanivilaspuram for the construction of Hari Mandiram as per Trust Board Resolution No 87 dated 28-9-43

(4) Bit of land measuring 7933 sq yds , was added on to Muslim Hostel in Sri thipuram as per Trust Board Resolution No 115 dated 2-11-43

(5) Site measuring 270' x 300' was granted to Bhagini Seva Samaja for the construction of a Girls' High School near Sharada Vilas High School as per Trust Board Resolution No 127 dated 2-11-43

(6) Site measuring 4000 sq yds , was granted to Sri Ramakrishnashrama Students Home in Yadavagiri Extension as per Trust Board Resolution No 129 dated 29-2-44

(7) Land measuring 4831 8/9 sq yds , was granted to Muslim Orphanage in Lashkar Mohalla as per Trust Board Resolution No 276 dated 29-2-44

(8) Site measuring 400' x 400' was granted to the Lahajana High School in Kuvarahalli Extension as per Trust Board Resolution No 319 dated 26-4-44 (actually given 375' x 375)

(9) Site measuring 3 acres in Kuvarahalli Extension

was granted to H E The Right Rev Dr R Feu , Bishop of Mysore for the construction of Girls' High School and Nuns quarters as per Trust Board Resolution No 320 dated 26-4-44-

(10) Bit of land measuring 50' x 500' was added on to Vokkaligara Anath lava in Sarswathipuram as per Trust Board Resolution No 395 dated 31-5-44

(11) Site No 74 measuring 50' x 70' in Narasimharaja Lohella was granted for the construction of Durga Temple as per Trust Board Resolution No 399 dated 31-5-44

(12) Site measuring 220' x 150' near Saraswathipuram High School was granted to Mr N Hanumanthe Rao for the construction of Raghavendraswami Temple as per Trust Board Resolution No 430 dated 25-6-44

(13) Site measuring 240' x 212 in Basuvarshalli Extension was granted for the construction of Anantheswamy Mutt as per Trust Board Resolution No 431 - dated 28-6-44

PART II - FINANCE

27 The grant given by the Government to the Trust Board was ₹ 2 25 lakhs

Statement No VIII furnishes details of Receipts and Expenditure under several heads The year opened with an Opening Balance of 54,415/- and the receipts from all - sources including those under suspense heads and the Narasimharaja and Palace Building Funds amounted to 6,13913 thus making a total of 6,68,226/- The total expenditure under all heads amounted to ₹ 5,36,281/- leaving a closing balance of ₹ 1,32,045/-

28 House Building Loans:-

Statement No X furnishes details of outstandings - under this head No fresh loans were granted during the - year under report The sum of 90/- is at present due from 2 peoples one of them is reported to be dead and whereabouts of the other party are not exactly known

29 House Building Advances:

House No Advances were made during the year Statement No XI furnishes details of advances and recoveries --

effected The balance is due from Mr Shareef Ghouse a former Subovorseer of this Office who is now in Mysore Division and the monthly instalments are being received

30 The total amount of outstandings to the Board on 30th June 1944 was 46,594-3-1 as against ₹ 58,522-0-0 at the end of 1942-43

A Loans & Advances:		90	0 0
		164	6 0
B Value of sites sold - Building sites		30,011	9 3
Bits of land		930	5 3
Model houses		12,264	14 3
	Total	43,370	2 6
C Gokulam Houses		3,223	15 7
Total of A B & C		46,594	2 1

The above amounts excepting a small sum of 199-12-0 are being regularly recovered

31 The establishment charges viz , salaries and allowances including pension and contingent charges etc , amounted to ₹ 28,267/- as against ₹ 27,963/- during 1942-43 The increase being mainly on account of the sanction of Dearness Allowances at increased rates to the officials and also on account of the fact that two extra Surveyors were employed for the work of laying-out of Yaduvarahally and Yadavgiri Extensions from April 1944 to June 1944

32 Both the indoor and outdoor subordinates continued to work satisfactorily

GENERAL

(A) Improving of Roads and Circles:

N.Madhava Rao Circle: The stately building in keeping with the elevation of Vanivilas Market in the south-east quadrant is nearing completion Proposals for the acquisition of properties for N-E quadrant and for completing the Circle by the side of 'Kailas Vihar' have been submitted to Government One Mr Kanti -

Lallanna has come forward to construct a Bus shelter of approved design in the open space in front of 'Kailas - Vihar' When the Mission School Buildings and the other ugly looking properties near Kailas Vihar are accuired - and proper buildings are constructed in the area and -- after corpletion of the Bus Shelter the place will present a magnificant view and is likely to be one of the beauty spots in Mysore

Messrs M S Siddappa and Brothers who have paid a sum of . 2,000/- on account of their building having been - brought to prominence by the acquisitions made by the Board have been permitted to open shops facing the Circle after dismantling the front portion of their present building - and reconstructing it as per approved plans The Circle will be further improved after this work is also completed

(B) Square in front of Motilal Talkies -

The acquisitions in respect of this work is in several stages of progress After the acquisitions are completed the question of disposal of the area for the construction of imposing buildings as per approved plans will be taken up

(C) New Santepet and Filling up of Purnaih's Nala:- The

The work of filling up of Purnaih Nala with Railway cinders and street rubbish was continued as usual The Nala has been filled up and formed into terraces up to - Deaf and Dumb School The double road in front of New Santepet - one for cart traffic and the other for the use of the fast moving vehicular traffic was also in progress and this work is expected to be corpleted during 1944-45 A further set of 20 shop sites were formed in this area an were also auctioned Buildings have to core up on the sit

(D) New Harboo Bazaar

As explained in the last year's report all the --

Merchants of the Old Barboo Bazaar have shifted to the New place and most of the buildings are also completed as the Procession Route has now been made to go via New Barboo Bazaar it is found that the existence of barboo shops along side the road is undesirable It is proposed to shift the Barboo Bazaar to Lyoore South where the Industrial Suburbs is also proposed to be located The acquisition of these building sites will no doubt be costly but the full amount can be realised by the re-sale of the acquired area for the construction of suitable buildings of approved designs

(E) Formation of a through road to Yadavagiri Extension -

This road is intended to provide an easy approach to the public from the New Commercial Extension on the western side of Railway line to the proposed new lay-out of Yadavagiri Extension on the eastern side As the road has to cross the Purnaih Nala provision has been made for the construction of a tunnel 6' x 10' across the Nala at the crossing When excavation was done at the original selected site for tunnel the soils at even deep levels was found to be sandy and a new site on the western bank was therefore selected and the tunnel work has been completed The estimate has been revised on account of the changes effected and is awaiting sanction of Government This road will form a short cut to Vani Vilasapuram Extension

(F) Forming a road between Dewan's Road and Viceroy Road:-

This road connecting the railway-underbridge with the road newly laid out to the south of the Krishnarajendra Hospital is nearing completion The road is useful for cart and lorry traffic between these areas and the Devaraja Market and Sayaji Rao Road The metalling of the road remains to be completed and due provision has been made for this in the Budget for 1944-45

(G) Improvement to New Commercial Extension Route:-

The procession route during Dasara has proved

to be changed and the new road was the continuation of Sayaji Rao Road beyond Bus Terminus passing along New Lakdoo Bazaar and turning to the right towards Bannimantap in front of the existing Slaughter House. This route was a long wide road with vast open spaces on either side and afforded great facilities for the people to witness the procession. Several improvements were necessary to make the road fit for Dasara Procession and these improvement works were classified under two heads -

(1) Urgent works which had to be completed before the Dasara Procession in September 1944 (2) Permanent improvement works to be carried out after Dasara. The items coming under urgent works were (1) Metalling the sides of the road, (2) forming Circles and Band Stand, (3) Earth-work cutting and forming foot-paths and (4) Kerbing the foot-paths (5) Cutting the high mound on the right side of the New Bannimantap Road and forming steps in order to improve its appearance and to serve as a gallery for the people to sit and witness the procession. These urgent works were estimated to cost Rs. 49,000/- and the Government sanctioned a Special Grant to this extent. These works were taken up on a rush basis and completed before the date of the procession with great difficulty. The balance width of the road i.e., 22' was metalled and consolidated. In the area opposite to Slaughter House there was a big mound and three roads met at the place. Mr Krumbiegal had given a nice lay-out providing for three circles and one big triangle with a central Band Stand. The three circles and a temporary band stand were formed. The foot-paths on either side were 30' in width and were rough. This area was picked and formed with proper gravel and rolled into a nice surface. Kerbing to foot-paths was done all along the Procession Route from the Deaf & Dumb Institute right up to Bannimantap. A temporary Park was also formed around the Band Stand put up

A reference has been made to Government for sanctioning the balance grant of 96,000/- required for completing the permanent improvements which consist of a service road to the New Bamboo Bazaar which is proposed to be converted into a Bazaar Street, concreting the foot-paths and the -- gallery, the construction of a permanent band-stand and planting of avenue trees on either side of the road and - kerbing the service road When all these improvement - works are completed the road will be a grand and - unique high way in Mysore

(H) Besides the above, a number of works calculated to improve the health and beauty of the City was undertaken by the Board The slopes of Purnaiah Nala in Sandy Lohella were trimmed and formed at a cost of . 5,000/- The slopes of the high ground to the right side of New Bamboo Bazaar - were trimmed and the foot-paths widened The foot-paths in New Sayaji Rao Road from the tunnel to Obkad were - lowered A draft and approach channel to the tunnel constructed across Purnaiah Nala at the crossing of the proposed road to Yadavagiri Extension was opened at a cost of 2,000/- The new road formed leading to Silk Factory - as further widened and the storm water drain above the - bridge on the road was deviated The filling up pits, forming terraces and grading the hollas in the areas between - Silk Factory and 9th Block of Chamundipuram was also taken up and completed

A new road from Anegondanahalli Road to Srikanteswara Rice Mill Road passing through Messrs Doriah Devaiah's shop was formed at a cost of . 2,850/-

Formation of Chamundi Hill Road from Boulevard - Circle and from Shalivahana Road up to tank bund, the improvement of the road from Sivaji Road to Kesare Village and the metalling of the link road from Kesare Village to Bangalore-

Nilgiri-Road and the further widening of Princess Road at the deep cutting were all taken up and co pleted

(I) Block Pl n Surveys of the Lysore City -

At the end of June 1943 all the 99 old blocks of the City and 11 out of 39 New Blocks of extensions had been resurveyed and only 11 Bloc s rem ined to be completed The temporary establishment sanctioned for the purpose was continued till the end of September 1943 and the survey ork - was completed Thereafter sanction of Govern ent was obtained for continuing the services of the two Surveyors for the purpose of preparing a combined Block Plan Map of the Lysore City for a period of six months from 1st October 1943 The work was completed by the end of March 1944 The combined map h s now got to be printed and needful provision is made in the current year's Budget

(J) Resume of Works:-

Government in their Order No L 7365-7/11 169-43-4 dated 19th January 1944 sanctioned the modified proposals of the Board for the preparation of the resume of works and the Sub Engineer/posted for the work reported himself for duty on 10th February 1944 and the necessary establishment was also provided to him from 12th February 1944 After some preliminary work was done the Sub Engineer proceeded on long leave due to ill-health The drafting of the main report could not therefore be co pleted but the plans and drawings of the several types of model houses built by the Board and of Circles newly formed and other improvement works done - have been prepared to the required scale for purposes of - printing Necessary statistics have also been collected Separate proposals providing only for the minimum staff necessary and for extending the period of sanction till the - end of December 1944 were submitted to Govern ent and these proposals have since been received sanctioned

SPECIAL SCHEMES UNDER CONSIDERATION

Formation of a road from Main Mountain right up to District Offices:- This schere is intended to open up one of the worst slum areas in the City and also to provide a much needed thorough-fare and bazaar for the City as - per rough estimate prepared, the cost is calculated xxx at - Rs 5 50 lakhs The plan received from Mr Krumbiegal was - approved by the Board and the matter was referred to Municipal Council for opinion The Municipal Council were however not agreeable for the work being taken up immediately But on 19th March 1944 the Dewan in company with the Minister for Local Self Government and Public Health inspected the area and in the Notes of Inspection received with Law Secretary's No L 10464 dated 8th April 1944 instructions were issued that the scheme may be prepared for execution in - four stages and that separate plans and estimates may be - got ready for these four stages as the area has to be - surveyed statistics collected and acquisition statements - prepared before the comprehensive estimate could be got - ready a separate establishment as necessary Hence proposals were submitted to Government for the sanction of a special establishment consisting of a Sub Engineer, 2 Sub-overseers, one Assistant Draftsman and an Acquisition Clerk This establishment has since been sanctioned by Government and the survey work is in progress

2) The Anesorote Road to the west of Devaraja Market is continuing to be an-eyesore being a dirty and insanitary - locality The improvement of this locality has long been under the contemplation of the Board and a provision of - 15,000/- has been made in the Budget for 1943-44 to make a beginning by acquiring the cluster of buildings at the - junction of Anesorote Road and Kothal Ranga's Street The acquisition work however did not progress during the

year On account of the restricted Government Grant for 1944-45,no provision could be made for the work during the current year also This is an important slum clearance - work in a prominent locality and has to be taken up when - funds permit

It may be mentioned here th t the year under report has been a record ye r in respect of both income and expenditure for the last 25 years, the actual receipts and expenditure being ' 6,68,326/- and 5,36,281/- respectively The expenditure incurred ove acquisition and slum clearance, lay-out of extensions and for formation of roads and circles was the highest so far reached during the last quarter of a century as could be seen from the statements enclosed

The object of an Improvement Trust is to provide civic amenities to the people and improve the sanitation - of the City making it free from all epidemic diseases while it has to depend to a certain extent on grants from Government the aim should be to undertake productive works such as the lay-out of extensions where the rich could invest their surplus money which in turn could be utilised to supplement the Government grants for providing amenities to the poor The huge extension schemes undertaken this year are bound to yield good income thus improving the finances of the Board and enable it to carry out on ever increasing scale, the several improvements needed in crowded localities

CONCLUSION

The work of the Board continued to be satisfactory Grateful thanks are due to the Members of the Board for their co-operation and help at every stage of the development and execution of the schemes
